

Welcome!

Our NEW shred truck.

4205 - 24th Avenue
Vernon, BC, V1T-1M1

We Are:

- *Secure*
- *Efficient*
- *Cost Effective*

***“Making sure that
your confidential
information is secure
while saving you
valuable time and
money.”***

The Benefits of Working with Us...

- Trustworthy Representatives. All employees have been screened.
- The *Shredfast* truck uses a patented “Automated Synchronized Feed System” that leads the documents into the “Pierce and Tear” shredder system worthy of a NAID AAA standing. Everything is cross shredded to be unrecognizable.
- A “Document of Destruction” is presented and signed by both parties at the end of the destruction process. This document itemizes shredding start time, finish time, date, and number of boxes, consoles, or bins of documents destroyed.
- Live video feed of the shredding process.
- No need to wait 2 weeks for service, next day service is available
- Agreed upon pricing is secure for one year.
- Large locally owned and operated facility in Vernon, BC where the cross shredded paper is compacted, baled, and then sent away, using a local trucking firm, to a facility near Vancouver to be remade into new paper products. **[6 boxes = 1 tree saved]**
